about us

At Elante, we believe that coffee is more than just a morning drink. It's a way to connect with others, to savour the moment, and to experience the world. That's why we're passionate about bringing our customers the best coffee experience possible.

mission

Elante under BM Foods is a Mumbai-based coffee establishment since 2008. Our mission is to bring the best coffee experience to coffee lovers around the world. Our coffee journey begins at the source, with our meticulous selection of coffee beans from around the world.

We offer six unique coffee blends, each with its own distinct flavor profile. Our blends are designed to suit a variety of tastes, from classic to roast and freeze dried flavours. Once our coffee is roasted, we pack it in-house to ensure freshness. We use high-quality packaging materials that preserve the aroma and flavor of our coffee.

We offer **customized sizes and pouch packing** to meet your specific needs.
